Women’s Opal and Sapphire teams will be advised of the appropriate dates to submit their intent to participate by Competition Management. Failure to register on time will result in teams being placed into the Associate level for the coming season.

4.2 Club Management of adult contact teams must advise Competition Management of their provisional Home Ground availability by 4pm on 5 November to allow for the preparation of a provisional schedule. A minimum of seven dates for home fixtures and seven away dates must be submitted for consideration.

4.3 Regular roster ‘health checks’ will be conducted by Competition Management and Registrations Management for each participating National Leagues team to ensure numbers are sustainable and that each team has the required number of coaches and players to be considered for schedule addition. These will take place prior to scheduling for all levels. Minimum number requirements and cut-off dates will be notified by Competition Management from time-to-time as appropriate.

4.4 For Clubs that have an A and B team, or two teams participating within the same discipline, such as two youth contact teams, players may move between the two teams during pre-season. All players must be registered to the team they will compete in prior to the start of that competition’s season. Players must then remain registered within that team unless the movement is approved by Registrations Management and Competition Management.

4.5 As part of registering their team, clubs are requested to upload copies of the following documentation:

- Constitution
- Summary of most recent annual accounts
This can be done within the club details sections of the National Leagues registration system provided by GoMembership!

4.6 As part of registering their teams, clubs are requested to enter information about home and away jerseys and contact details, including head coach, for each of their teams. This can be done in the team profile sections of the National Leagues registration system provided by GoMembership!

5. REGISTRATION OF MEMBERS

5.1 As per Regulation 3.5 all players, coaches, club administrators and staff who will be present at gamedays and tournaments must be members of the British American Football Association and possess Governing Body approved insurance (purchased along with membership).

5.2 Membership is achieved by registering and paying for a membership on the British American Football Association’s National Leagues registration system provided by GoMembership! In the unlikely event of a technology issue preventing the purchase of membership, temporary membership may be granted on request, by submitting member details to Registrations Management. Temporary membership is only confirmed once the submission is acknowledged as being valid. Note: Creation of a second membership profile is a disciplinary offence.

5.3 All new players at all age groups and disciplines are entitled to three trial sessions with a team. After this point they must register and pay for a BAFA membership in order to be covered by BAFA injury and liability insurance. A new player is a player new to the sport. A player for example transferring between clubs, or a player returning to the sport, is not to be treated as a new player. This is required in order to be eligible to practice or play with their team. Any players who participate in kitted or unkitted team practice sessions after this point without registering are not covered by BAFA injury or liability insurance, and their participation may impact on the insurance of all others present. It is the responsibility of Club Management to ensure that all players, coaches and sideline staff are registered, and thus insured, to practice as well as take part in games or tournaments. Any avoidance of this responsibility will be taken extremely seriously by Registration Management and Competition Management. Clubs suspected of allowing unregistered players, coaches or other sideline staff to participate in training sessions without BAFA membership may be investigated. In the event of an investigation conclude that unregistered players, coaches or other sideline staff were knowingly allowed to participate in team practices unregistered, penalties could, but may not be limited to, fines and suspension of membership for club management.

5.4 All membership costs are listed on the National Leagues registration system provided by GoMembership! and also on the BAFA website.

5.5 Players who wish to play National Leagues Contact and National Leagues Flag will be required to pay an additional £5 competition fee. To do so they must first purchase a contact licence on the National Leagues registration system. They will then be able to access the upgrade function to pay for their additional £5 competition fee. Once the competition fee is purchased, players should contact Registrations Management to have the correct flag licence for their age group added to their profile.

5.6 Players who wish to play in the Opal Series and the Sapphire series will be required to pay an additional £25 competition fee. To do so they must first purchase an Opal licence on the National Leagues registration system. They will then be able to access the upgrade function to pay for their additional £25 Sapphire Licence. Once the competition fee is purchased, players should contact Registrations Management to have the Sapphire licence for added to their profile.
5.7 All teams must be in possession of both an official British American Football Association photo roster and a GDPR roster not including photos for each game day. Only players, coaches and staff members listed on both rosters are eligible for activity and are authorised to be within the playing area as defined within BAFA rules on game day unless there is written approval from a designated officer of the British American Football Association, or its nominee(s). (Exception, 3rd party Medical Game Day cover).

5.8 Rosters can be updated each week. A new addition to the roster must be added by 17:00 hours on the Friday prior to a fixture. The following exceptions apply:

5.8.1 Where the addition is a transfer, the request must be made via the National Leagues registration system provided by GoMembership! and must be approved by the club the member is leaving as well as the club the member is joining by 22:00 hours on the Tuesday prior to scheduled fixture. It is the members responsibility to submit their own transfer request. Transfers are not required between teams within the same club or from University League teams.

5.8.2 Where a player, coach or other club staff member is returning from a period of absence from registration to a team which was their last team they were a member of then they are eligible to sign for that team until 17:00 hours on the Friday prior to the last week of the regular season (according to the pre-season schedule for the relevant discipline and age bracket)

5.8.3 Teams are able to sign players, coaches or other club staff members who have never previously registered with a club which falls under the auspices of the British American Football Association or the International Federation of American Football through until 17:00 hours on the Friday prior to the last week of the regular season (according to the pre-season schedule for the relevant discipline and age bracket)

5.8.4 Players, coaches or other club staff member who have been registered with the University Football league competitions may sign up until 17:00 hours on the Friday prior to the last week of the regular season (according to the pre-season schedule for the relevant discipline and age bracket)

5.9 Each team, via their designated Club Administrator, must have downloaded a copy of their most recent roster by 19:00 hours on the Friday prior to a fixture. You will not be able to download a copy of the roster from the Registration System after this time. Issues with rosters must be notified to the Registrations Management no later than 20:00 hours on the Friday prior to a game.

5.10 A check of identity of players against the game roster form is mandatory prior to every Official Game. This may be done either inside or outside but bad weather is not an acceptable reason for it being omitted. If there are any discrepancies these should be notified to the Officials and the Head Coaches at the earliest opportunity. The Referee (or in lieu of BAFRA officials, the Head Coaches) will note the complaints and send a report to the Competition Management. Teams should contact the Competition Management and Registrations Management with any complaint in writing. Failure to conduct a thorough card check is a disciplinary offence. Rosters should be signed by game day management and your opponent and retained by Club Management. Competition Management reserve the right to request a copy of a gameday roster at any point and may require this to be submitted as supporting evidence in the event of a dispute.

5.11 Any player, coach or other club staff member not showing on the roster, or who is not easily identifiable by their roster photo is ineligible to be present within the team area for that game or
tournament unless permission has been granted by a member of the Competition Management or Registrations Management. It is the Club Administrators responsibility to ensure that all members photos are correct as per BAFA registration rule 5.21.

5.12 Roster discrepancies must be recorded and details sent directly to the Registrations Management. All evidence must be supplied within 7 days of the game and resolved under the appeals procedure.

5.13 Before each game, each team must supply the Referee with a non-photo GDPR compliant roster form complete with numbered players. An example of this can be found on the British American Football Association website.

5.14 A player, coach or other club staff member may not be eligible or active on a roster for a team in the following circumstances:

- 5.14.1 They have not followed the transfer process as stipulated
- 5.14.2 They are under ban or suspension as a result of disciplinary action.
- 5.14.3 Incorrect registration procedure has been carried out.
- 5.14.4 They owe equipment or money to another team in any BAFA National League organisation or to BAFA.
- 5.14.5 They are currently subject to a ban, suspension, or period of ineligibility from a governing body of another sport for a violation that would have been contrary to BAFA’s own rules and regulations.
- 5.14.6 They do not meet the age eligibility requirements.

5.15 Any team playing an ineligible player or using an unregistered coach in an official game will face disciplinary action against its management and coaching staff, unless this has arisen solely from an error by the Competition Management.

5.16 Any player playing in an official game for a team when they are not eligible will face disciplinary action unless this has arisen solely from an error by the Competition Management.

5.17 Disciplinary action in respect of sections 5.15 and 5.16 will be severe and will include:

- 5.17.1 A club fine of £100 for the first offence.

5.18 Each member over 16 years old is responsible for completing their own registration. This must not be completed on their behalf by any other person unless expressly authorized by Registrations Management or Competition Management. It shall be a disciplinary offence (for both the individual and/or the person/club who completed the registration on the individual’s behalf) for someone to complete the registration on behalf of an individual. The person registering must ensure that all information supplied is true and accurate.

5.19 Members under 16 years of age must be registered by a parent or legal guardian, this is to bring BAFA registration practices in line with the General Data Protection Regulation (GDPR) which has specific protections for children by limiting their ability to consent to data processing without parental authorization.
5.20 It is the Club Administrator's responsibility to ensure that all players and coaches registered on the National Leagues registration system have clear roster photos as defined in 5.21 and are eligible to register.

5.21 Profile photos uploaded onto the National Leagues registration system are used to create photo rosters so must be clear and the member must be instantly recognisable. Photos should be a clear head and shoulders, passport style picture. Members should not be wearing helmets, hats, sunglasses or anything else than can obscure their head/face (this includes eyeblack). Photos must be of the individual being registered and must not be altered or have filters added in any way.

5.22 Should a roster photo be deemed unacceptable by either competing team during a roster check at a game day or tournament, a complaint must be raised with the game day officials and Registration Management within 24 hours so the issue can be investigated. Should a team insist on fielding a player with a photo deemed unacceptable, the game result could be overturned or the club fined should Competition and Registration Management agree that is unacceptable following further investigation.

5.23 Regular spot checks of roster photos will be undertaken by the National Leagues Registration Management (or appointed representative). In the event that any roster photo is deemed unsuitable, club administrators will be notified and will have five working days to make sure a suitable replacement photo is uploaded. Should the original, unacceptable, photo remain after this time then a fine will be imposed and the membership licence of the individual concerned will be suspended until the fine is paid and the photo meets the standards required.

- Registration Management reserve the right to accept or decline any other forms of identification submitted, on a case-by-case basis.

5.26 Individuals applying for BAFA must be able to produce proof of normal residency in the UK normal residency is defined by our insurers as 6 months in the UK with permission to stay. 5.26 Players and coaches whose eligibility is in doubt should be highlighted to the Registration Management.

6.3 Club admin have seven working days to acknowledge or reject/approve any transfer requests from members wishing to leave their club. Should there be no response from Club Admin the Registrations Management will approve the transfer on their behalf within 24 hours.

6.4 Unless approved by Competitions Management, members are only allowed two transfers per competition season.

6.5 An individual can only belong to one National Leagues club at any one time. However, subject to the agreement of representatives of Club Management from both organisations and the approval of Registrations Management, a player, coach or club member in another capacity, is permitted to join another club registered with the British American Football Association for one of the following reasons:

   6.5.1 To coach a youth or junior team, where no such age bracketed team exists in the same discipline in their primary club
   6.5.2 To play for another team where no such discipline or age bracketed team exists in their primary club – for example, to play for an adult flag team when already registered with a club that does not offer this discipline, or to play for an adult contact team when already registered with another club for women’s Opal or Sapphire competitions, where no adult contact team exists.

6.6 Individuals are not permitted to hold club administration privileges on the National Leagues registration system for more than one club.

6.7 Permission to belong to two clubs is at the absolute discretion of National Leagues management, and is primarily intended to benefit the further grown of youth, junior and flag football, and will be reviewed on an ongoing basis for each season. Permission will be withdrawn and reviewed should there be any suggestion the permission is being abused (for example, to attempt to play for two adult contact teams in the same season, avoid transfer rules or with the sole purpose of recruiting players for their home club).

6.8 All teams should ensure that any agreement entered into between the team and an individual with respect to fees, equipment loans and other such relations should reflect the dates pertaining to the end of the season. The British American Football Association, should it be called to review a case, does not endorse or recognise agreements which exist on a multi-season basis.

6.9 Restrictions on participation will also exist for emerging (Associate) teams. In order to demonstrate sustainability emerging teams will be allowed to register players who were registered to a team in the previous season. These however, cannot form part of a stipulated minimum number of players which is required to demonstrate a core level of potential sustainability. This rule will not apply to players who have graduated from a Junior or Youth team which forms part of a wider club structure that the adult team may be part of, nor does it apply to players who may have progressed from other Junior or Youth teams where there is no adult team which players can progress into which forms part of a wider ‘club’.

6.10 The deadline for transfers of members (players, coaches or other club staff members) between teams competing in the domestic competitions or from abroad is 22:00 hours on the first Tuesday of July of that year. All clubs involved in the transfer must have approved and completed by this time.

6.11 Without prejudice to the generality of the appropriate sections in these Regulations in the case of a dispute concerning a player and amounts owed to, or commitments to, previous teams the following shall be the procedure:

6.11.1 Where a dispute arises registration can be withheld for 72 hours following a receipt of the registration request. The team wishing to register the player, the team claiming that the player owes equipment or money and the player concerned shall be entitled to make a written submission to the Transfer Manager as the circumstances of the case.

6.11.2 During the period specified in 6.11.1 above (or otherwise stated by the Competition Management) the parties concerned shall meet (electronically if necessary) and attempt to resolve the situation.

13.10 Scheduling problems must be brought to the attention of the Competition Management at the earliest possible time. Failure to do so may result in the game or tournament not being played and the rules on unplayed games enforced.

13.11 All teams must be available to participate in games or tournaments on all weeks of the regular season unless specifically exempted by the Competition Management prior to week one of the regular season. There are restrictions on games or tournament taking place on certain weekends. 13.18 If a fixture is not fulfilled either because of cancellation by one or both Teams, or the default of one or both Teams, or by cancellation or abandonment by the Referee, or exceptionally in the event of intervention by the Competition Management, or in any other event, then the Competition Management shall at their discretion and taking into account such reasons or evidence as it shall consider relevant, decide whether to reschedule the fixture (or permit its rescheduling by the Teams) or may at its discretion settle the result of such unfulfilled fixture and may take such disciplinary action as it deems appropriate.

13.19 If a team forfeits a game (or in the case of a format of the game which plays a tournament format, a tournament) (voluntarily or due to any reason deemed by competition management to be within their control (as outlined in rule 13.16), they will be awarded a yellow card. If this team is in the top two tiers of the adult football league structure this will result in automatic relegation at the end of the season. Any team incurring two yellow cards in a rolling 24-month period will be placed back into the associate process for their level of football for the following season.

13.20 Any costs incurred or loss of revenue as a result of a cancelled fixture will be determined by the Competition Management in consultation with the respective Teams. Core costs which will primarily be considered will be travel costs, game field and changing facilities hire (which may, in the case of a tournament being cancelled, include any costs incurred by a team in hosting the tournament at an alternative venue) and medical provision. In the case of a Referees cancellation or non-attendance at a game the costs incurred will be sought from BAFRA via the Competition Management. All details relating to costs incurred or loss of revenue must be substantiated by submission of appropriate receipts and invoices.

13.21 Where revenue loss is speculated the Competition Management will only consider amounts when provided with financial details relating to the three preceding fixtures for the team claiming.

13.22 The Competition Management will not be responsible for any of these costs nor will it be responsible for any loss of revenue or costs as a result of teams folding or leaving the League.

13.23 Teams will be permitted to request a rescheduled fixture should they have three or more individuals involved in a BAFA sanctioned international representative fixture which coincides with a league game weekend. The individuals must be involved in either a playing or coaching capacity and appear on the official roster submitted to the international federation.

13.24 Teams should inform the Competition Management of all games they propose to play additionally to official games, whether these are against other League members or otherwise including post season friendlies, tournaments or tours. The Governing Body has the right of sanction on any game involving international opponents.

13.25 Fixtures not played by the last week of the regular season will be deemed either 0-0 ties or 1-0 awarded games for the purposes of identifying playoff contenders and positions. All awards will be made at the conclusion of the regular season (unless awarded earlier at the sole discretion of the Competition Management).

13.26 A visiting team that, without reasonable excuse, fails to show up for a game or tournament, or cancels a game may incur any or all of the following:

13.28 If a fixture is not played for reasons beyond the control of either team then the game or tournament shall not be awarded but, at the discretion of the Competition Management, rescheduled or deemed a tie. Player and coach availability (subject to international fixtures) is deemed within the control of the team or club.

13.29 If a team incurs a Yellow Card for forfeiting a game they will no longer be eligible for the play-offs in that competition year.

13.30 The venue for a rescheduled match shall be the choice of the home team, unless:
13.30.1 The visiting team has travelled, in which case it will be the choice of the visiting team, OR
13.30.2 the visiting team has incurred the cost of travel, in which case the home team will have the opportunity to reimburse the visiting team within one week, to retain their option of venue, otherwise the visiting team will have the choice.

13.31 All rescheduled fixtures must be approved by the Competition Management (see 13.6 and 13.7)

13.32 Any games or tournaments which are postponed for reasons beyond either team’s control, or which cannot be rescheduled safely will be recorded as a 0-0 tie or have no result allocated.

13.33 Teams that forfeit one or more games or tournaments may, at the discretion of the Competition Management, have to pay the League a surety of £500 that they will complete their next season, in which event the surety will be returned to the team. If a team forfeits a game or tournament the team will not be eligible for progression to the play-offs. The League will also consider whether games or tournaments have been forfeited to try and gain an unfair advantage for the offending team i.e. fewer points conceded.

13.34 In the event that it is not possible to play a playoff game or playoff game within a tournament due to circumstances beyond the control of both teams, the winner shall be decided by the following procedure:

13.34.1 Competitive record for both teams when facing each other during the season based upon win / loss / tied record and subject to that being equal, the cumulative lowest number of points conceded in those fixtures will be used.
13.34.2 Competitive record for both teams against common opponents during the regular season based upon win / loss / tied record and subject to that being equal, the cumulative lowest number of points conceded will be used.
13.34.3 Win / Loss / Tied record within the regular season in comparison to that of their opponents.
13.34.4 A comparison of average points conceded against the top three teams within the division.
13.34.5 A coin toss

*Game Management should ensure that there are back-up medical suppliers / facilities planned for and the travelling team should consider back up transport.*
13.35 A team that terminates a game in progress will be deemed to have forfeited that game by a score determined by playing Rule 8-1-3 (BAFA Rulebook). A team that forfeits a game may suffer the following penalties:

13.35.1 They will pay all game day fees incurred by both teams for the game; and
13.35.2 At the discretion of the Competition Management, the team may be subject to further sanction against the unplayed games or tournaments criteria.

14 COMPETITION COMPLAINTS PROCEDURE

14.1 On game day, all queries and complaints (a complaint) should be directed to either the Competition Management or the game officials in the first instance, which will be dealt with as follows:

14.2 Where the complaint relates to the competition format (if a tournament structure event) or management, including (but not limited to) the schedule, the opposing team, playing surface or other playing arrangements, a protest must be made, before the start of the match (or as soon as possible after the issue becomes apparent during the match) to the lead game day official and the Competition Management by the relevant Team Official (either a member of the team committee or the Head Coach). The complaint must then be acknowledged by the lead game official and the competition management who will decide what action should be taken; or

14.3 Where the complaint relates to the playing of a fixture, the scoring, and/or its result, the relevant team official, must do the following:

14.3.1 Inform their opponents and the officials of their complaint
14.3.2 Explain the issue in full to the competition management.

14.4 Where a complaint relates to the governance or administration of the Competition by the Competition Management, such complaints will be dealt with under the Complaints Procedure of the British American Football Association.

14.5 Where a complaint relates to the behaviour of an individual or team participating, volunteering or attending the competition which could be considered as a disciplinary offence under the British American Football Association’s Disciplinary Regulations, such complaints will be dealt with in accordance with the processes set out in the British American Football Association’s Disciplinary Regulations.

15. APPEAL OF COMPETITION MANAGEMENT DECISION

15.1 There are two strands of Appeals relating to decisions made within the National Leagues competitions.

15.2 The first is the Disciplinary Appeals process for players, coaches or others who are recipients of disciplinary action. This is managed via the BAFA process.

15.3 The second is the Competition Appeals Process. A party to a complaint submitted under Section 14.2 and 14.3 shall have the right to appeal a decision made by the competition management in relation to that complaint; IF

15.4 The decision has a potential impact on a game result, a league table, or the outcome of the competition; AND
15.5 There has been a failure by the Competition Management to follow these Regulations or the Competition Management have reached a decision on the basis of an error of fact which can be proven.

15.6 These are the only grounds of appeal and any appeal must be submitted in accordance with the appeals process set out in this section.

15.7 This Appeals structure sits under the overarching British American Football Association Appeals Process to which the original party of complaint can appeal to following the decision of the Competitions Appeal process.

15.8 An appeal should be forwarded in writing from a member of the team committee of the objecting party to the designated Competition Appeals Chair within 72 hours of the decision being communicated to the team in question. In lieu of the Competition Appeals Committee being formed, the appeal should go to the BAFA Appeals Chair.

15.9 The appeal shall be accompanied by a guarantee for £100 which shall be returned if the appeal is upheld or if there are any other extenuating circumstances. The Competition Appeal Committee (CAC) will decide whether the extenuating circumstance warrant the cheque being returned.

15.10 The Chair will establish a National Leagues Competition Appeal Committee (NLCAC) which will consist of individuals that are independent of the Competition; one of whom will be appointed as the Chair.

15.11 The Chair of the NLCAC will send the appeal to the opposing team and any other team that they believe could be impacted by the outcome of the appeal. These teams will be permitted 72 hours, from the date they receive the appeal from the NLCAC, to submit any evidence or submission that they wish the NLCAC to review and consider.

15.12 All submissions and evidence must be submitted in writing. No parties involved in the appeal, including the appellant, will be able to make a verbal representation to the NLCAC.

15.13 The NLCAC shall meet (either in person or electronically including via email) and conclude the matter within 96 hours of receiving the evidence and submissions.
